		Kevin.Murphy	ChemTel Con	tract Number: Available upo	n request	at KMRegulatory@kevinmurph	ny.com.au.
	CTION 2: Hazards Ide mixture has been assessed		l, health and e	nvironmental hazards, and	the followi	ng classification applies.	
2.1	Classification of the	Physical Haza	ards: Flammal	ble Liquid - Category 3			
	Substance or Mixture:	Health Hazards: Not Classified					
		Environmental Hazards: Not Classified					
2.2	Labeling Elements:	Hazard Signal Word: Warning Hazard Statements: H226: Flammable Liquid and Vapour. Precautionary Statements: P210: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P233: Keep container tightly closed. P403+P235: Store in well ventilated place. Keep cool. P102: Keep out of reach of children. P103: Read label before use. P501: Dispose of contents and container in accordance with all local, regional, national and international regulations.					
2.3	Other Hazards:	No known other hazards which do not result in classification. Mixture does not meet the criteria for PBTs or vPvBs in accordance to Regulation (EC) No. 1907/2006, Annex XIII.					
	CTION 3: Composition	n / Informat	ion on Ingr	edients			
	MICAL NAME	CAS No.	EC No.	Hazard Classificati	ion	Hazard Statements	% by Weight
Ethanol		64-17-5	200-578-6	Flammable Liquid, Catego Eye Irritation, Category 2A	ry 2	H225: Highly flammable liquid and vapour H319: Causes serious eye irritation	5 - 15
Thor	a are no additional ingredie	nto procent wh	ich within the	ourrent knowledge of the cu	inplier one	d in the concentrations applicab	lo are electified

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as physical, health or the environmental hazards, are PBTs or vPvBs, or have been assigned an occupational exposure limit within US OSHA Z-Tables or EU OEL Directives, and hence require reporting in this section.

SAFETY DATA SHEET

present and easy to do. Continue rinsing. Seek medical attention in the event of an adverse reaction or if symptoms persist. Skir. If signs of irritation to the skin develop, wash the affected area with plenty of water and soap. Seek medical attention in the event of an adverse reaction or if symptoms persist. Inhalation: If respiratory distress or irritation occurs, remove victim to fresh air. Seek medical attention in the event of an adverse reaction or if symptoms persist. No information available. Both Acute and Delayed: 4.3 Indication of Immediate Medical Attention and Special Treatment Needed: Provide general supportive measures and treat symptomatically. No known specific antidotes. Treatment Needed: SECTION 5: Firefighting Measures 5.1 Extinguishing Media: Suitable Extinguishing Media: Varning! Flammable iliquid and vapor. When heated above the flash point, vapours may burn. May produce oxides of carbon and/or nitrogen on combustion. SECTION 6: Accidental Release Measures 6.1 Personal Precautions, Protective Equipment and Emergency Procedures: 8.3 Methods and Material for Containment and Emergency Procedures: Diserve all personal protection equipment recommendations described in Section 8. Remove all sources of ignition and absorbents into suitable containment and Cleaning Up: 6.4 Reference to Other Sections: For personnel protection, see Section 8. For waste disposal, see Section 13. SECTION 7: Handling and Storage Procautions: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not equipment (see Section 8), Routinely wash work clothing and protective equipment. Observe good hygiene practices.			
Measures: No service of First Aid	SEC	TION 4: First Aid Me	easures
Symptoms and Effects. Both Acute and Delayed: 4.3 Indication of Immediate Medical Attention and Special Treatment Needed: SECTION 5: Firefighting Measures 5.1 Extinguishing Media: 5.2 Special Hazards Arising from the Substance or Mixture: 5.3 Advice for Firefighters: Warning! Flammable liquid and vapor. When heated above the flash point, vapours may burn. May produce oxides of carbon and/or nitrogen on combustion. SECTION 6: Accidental Release Measures 6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Bike or contain spill to prevent from entering drains. Avoid direct release to drains, surface and ground water. Precautions: Cleaning Up: Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent static discharges. SECTION 7: Handling and Storage 7.1 Precautions for Safe Handling: Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands throroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Storage, Including Any incompatibilities: Signaps Action of the Storage Section 10, sources and other ignition sources. Store away from incompatible materials (see Section 10) on the spose to high temperatures. Do no storage, including Any incompatibilities: Signaps Action of Safe Section 10, sources Sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10) on the spose to high temperatures. Do no storage, including Any incompatibilities:		Description of First Aid	Ingestion: In case of ingestion, do not induce vomiting without medical advice. Give victim several glasses of water to drink. Never give anything by mouth to an unconscious person. Seek medical attention if necessary. Eyes: In case of eye contact, flush with copious amounts of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention in the event of an adverse reaction or if symptoms persist. Skin: If signs of irritation to the skin develop, wash the affected area with plenty of water and soap. Seek medical attention in the event of an adverse reaction or if symptoms persist. Inhalation: If respiratory distress or irritation occurs, remove victim to fresh air. Seek medical attention in the event
Immediate Medical Attention and Special Treatment Needed: Treatment Needed: Provide general supportive measures and treat symptomatically. No known specific antidotes.		Symptoms and Effects, Both Acute and Delayed:	No information available.
5.1 Extinguishing Media: Suitable Extinguishing Media: Water mist, dry chemical, alcohol resistant foam, or carbon dioxide. Unsuitable Extinguishing Media: None known. 5.2 Special Hazards Arising from the Substance or Mixture: Advice for Firefighters: Wear self-contained breathing apparatus and full personal protective gear. Use standard firefighting procedures. 5.3 Advice for Firefighters: Wear self-contained breathing apparatus and full personal protective gear. Use standard firefighting procedures. 5.6 Personal Precautions, Protective Equipment and Emergency Procedures: 6.1 Personal Precautions. Observe all personal protection equipment recommendations described in Section 8. Remove all sources of ignition and ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel away. 6.2 Environmental Precautions: 6.3 Methods and Material for Containment and Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent static discharges. 6.4 Reference to Other Sections: 5ECTION 7: Handling and Storage 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. SECTION 6: Accidental Release Measures 6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Carbon and Material for Containment and Cleaning Up: 6.3 Methods and Material for Containment and Cleaning Up: 6.4 Reference to Other Sections: SECTION 7: Handling and Storage 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling. Wear apporpriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Do not eat, drink, or smoke while handling. Wear appropriate personal protective equipment (see Section 10). Conditions for Safe Storage, Including Any Incompatibilities: Dissert and vapor. When heated above the flash point, vapours may burn. May produce oxides of carbon and/or nitrogen on combustion. Warning! Flammable liquid and vapor. When heated above the flash point, vapours may burn. May produce oxides of carbon and/or nitrogen on combustion. Wear self-contained breathing apparatus and full personal protective gear. Use standard firefighting procedures. Dissert personal protection equipment recommendations described in Section 8. Remove all sources of ignition and ensure adequate ventilation in Section 8. Remove all sources of ignition and ensure adequate in Section 8. Remove all sources of ignition and ensure adequate in Section 8. Remove all sources of ignition and ensure and ground water. Procautions: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing a			
Arising from the substance or Mixtures: of carbon and/or nitrogen on combustion. Advice for Firefighters: Wear self-contained breathing apparatus and full personal protective gear. Use standard firefighting procedures. SECTION 6: Accidental Release Measures 6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Doserve all personal protection equipment recommendations described in Section 8. Remove all sources of ignition and ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel away. 6.2 Environmental Precautions: 6.3 Methods and Material for Containment and Cleaning Up: 6.4 Reference to Other Sections: SECTION 7: Handling and Storage 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Do not store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10).			
SECTION 6: Accidental Release Measures 6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Canada ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel away. Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent Sections: For personnel protection, see Section 8. For waste disposal, see Section 13. SECTION 7: Handling and Storage Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Storage, Including Any Incompatibilities: Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do no laterials (see Section 10).	5.2	Arising from the	
6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Conditions for Safe Handling: Conditions for Safe Storage, Including Any Incompatibilities: Conditions for Safe Safe Handling: Cobserve all personal protection equipment recommendations described in Section 8. Remove all sources of ignition and ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel and ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel and ensure adequate ventilation in Section 8. Remove all sources of ignition and ensure adequate ventilation and ensure adequate ventilation and surface and ground water. Dike or contain spill to prevent from entering drains. Avoid direct release to drains, surface and ground water. Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent static discharges. For personnel protection, see Section 8. For waste disposal, see Section 13. SECTION 7: Handling and Storage Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices.	5.3	Advice for Firefighters:	Wear self-contained breathing apparatus and full personal protective gear. Use standard firefighting procedures.
6.1 Personal Precautions, Protective Equipment and Emergency Procedures: Conditions for Safe Handling: Conditions for Safe Storage, Including Any Incompatibilities: Conditions for Safe Safe Handling: Cobserve all personal protection equipment recommendations described in Section 8. Remove all sources of ignition and ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel and ensure adequate ventilation. Ventilate closed spaces before entering them. Keep unnecessary personnel and ensure adequate ventilation in Section 8. Remove all sources of ignition and ensure adequate ventilation and ensure adequate ventilation and surface and ground water. Dike or contain spill to prevent from entering drains. Avoid direct release to drains, surface and ground water. Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent static discharges. For personnel protection, see Section 8. For waste disposal, see Section 13. SECTION 7: Handling and Storage Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices.			
Protective Equipment and Emergency Procedures: Dike or contain spill to prevent from entering drains. Avoid direct release to drains, surface and ground water. Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent Sections: For personnel protection, see Section 8. For waste disposal, see Section 13. SECTION 7: Handling and Storage Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. Conditions for Safe Storage, Including Any Incompatibilities: Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do no store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10).			Release Measures
Precautions: 6.3 Methods and Material for Containment and Cleaning Up: 6.4 Reference to Other Sections: 6.5 For personnel protection, see Section 8. For waste disposal, see Section 13. 6.6 Sections: 6.7 Precautions for Safe Handling: 6.8 Conditions for Safe Section 8. Routinely wash work clothing and protective equipment. Observe good hygiene practices. 6.9 Conditions for Safe Storage, Including Any Incompatibilities: 6.0 Discontain spill to prevent from entering drains. Avoid direct release to drains, surface and ground water. 6.1 Clean up spill with non-combustible absorbent material. Clean area to prevent a slip hazard. Place all sweepings and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent static discharges. 6.4 Reference to Other Sections: 6.5 For personnel protection, see Section 8. For waste disposal, see Section 13. 6.6 For personnel protection, see Section 8. For waste disposal, see Section 13. 6.7 Handling and Storage 6.8 Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 6.2 Conditions for Safe Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do not store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10).	6.1	Protective Equipment and Emergency	
for Containment and Cleaning Up: 6.4 Reference to Other Sections: For personnel protection, see Section 8. For waste disposal, see Section 13. SECTION 7: Handling and Storage 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Storage, Including Any Incompatibilities: Storage including Any Incompatibilities:	6.2		Dike or contain spill to prevent from entering drains. Avoid direct release to drains, surface and ground water.
SECTION 7: Handling and Storage 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Storage, Including Any Incompatibilities: Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do no store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10).	6.3	Methods and Material for Containment and	and absorbents into suitable containers for disposal. Use non-sparking tools and equipment. Take action to prevent
 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do not store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10). 	6.4		For personnel protection, see Section 8. For waste disposal, see Section 13.
 7.1 Precautions for Safe Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do not store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10). 	0=0	TION	
Handling: Do not use near open flames, sparks or other ignition sources. Utilize safe handling and transportation techniques to avoid spillage or rupture of the product. Ensure adequate ventilation in the workplace. Do not eat, drink, or smoke while handling. Wash hands thoroughly after handling. Wear appropriate personal protective equipment (see Section 8). Routinely wash work clothing and protective equipment. Observe good hygiene practices. 7.2 Conditions for Safe Store in a cool, dry, and well-ventilated area away from direct sun-light. Do not expose to high temperatures. Do no store near heat, hot surfaces, sparks, open flames and other ignition sources. Store away from incompatible materials (see Section 10).			d Storage
Storage, Including Any Incompatibilities: store near heat, hot surfaces, sparks, open flames and other ignition sources. 15.1				pecific for the Substance or Mix			
	EU Regulation (EC) No. 1907/2006 REACH Article 59(10) and Annexes XIV and XVII, as amended: No components in this product are listed.						
	EU Directive 2012/1	B/EU on major	accident hazards invo	olving dangerous substances: E	thanol (CAS 64-17-5)		
		No. 1005/2009			and II, as amended: No components in		
			on persistent organic	pollutants, Annex I, as amended	I: No components in this product are listed.		
					nnex I (parts 1 - 3) & Annex V, as		
	amended: No components in this product are listed.						
	EU Regulation (EC)	EU Regulation (EC) No. 166/2006 Annex II Pollutant Release and Transfer Registry: No components in this product are listed.					
	National Regulations of EU Member States: Follow national regulations for work with chemical agents.						

SAFETY DATA SHEET

BODY.MASS Revision Date: 13Feb22 SDS-000036-07

German Water Hazard Class (WGK) for Mixture: WGK 1

US SARA 302 TPQ: No components in this product are listed.

US SARA 304 RQ: No components in this product are listed.

US SARA 311/312: Not applicable - product is exempt.

US SARA 313: No components in this product are listed.

US CERCLA RQ: RCRA D001/Unlisted Ignitable Hazardous Waste, Ethanol = 100 lbs

US Clean Air Act (CAA) Section 112(r) TQ: No components in this product are listed.

US Clean Water Act (CWA): No components in this product are listed.

US State Regulations: Follow state regulations for work with chemical agents.

15.2 Chemical Safety

Assessment:

No Chemical Safety Assessment has been carried out.

SECTION 16: Other Information

Legend to Abbreviations: ACGIH: American Conference of Governmental Industrial Hygienists

ADN: European Agreement Concerning International Carriage of Dangerous Goods by Inland Waterways

ADR: European Agreement Concerning International Carriage of Dangerous Goods by Road

BOELV: Binding Occupational Exposure Limit Values

CAS: Chemical Abstracts Service

CERCLA: Comprehensive Environmental Response, Compensation, and Liability Act

CLP: Classification, Labelling and Packaging of Substances and Mixtures

DOT: (US) Department of Transportation

EC: European Commission

EPA: (US) Environmental Protection Agency

EU: European Union

GHS: Globally Harmonized System of Classification and Labelling Chemicals

IARC: International Agency for the Research of Cancer

IATA: International Air Transport Association

IBC: Intermediate Bulk Container

IDHL: Immediately Dangerous to Life or Health Concentrations

IMDG: International Maritime Dangerous Goods

IOELV: Indicative Occupational Exposure Limit Values

NIOSH: National Institute for Occupational Safety and Health

NTP: National Toxicology Program

OECD: Organisation for Economic Co-operation and Development

OEL: Occupational Exposure Limit

PBT: Persistent, Bioaccumulative, and Toxic

vPvB: very Persistent and very Bioaccumulative

PEL: Permissible Exposure Limit

RCRA: Resource Conservation and Recovery Act

REL: Recommended Exposure Limit

RID: Regulations Concerning International Carriage of Dangerous Goods by Rail

RQ: Reportable Quantity

SARA: Superfund Amendments and Reauthorization Act

STEL: Short Term Exposure Limit

STOT: Specific Target Organ Toxicity

TLV: Threshold Limit Value

TPQ: Threshold Planning Quantity

TQ: Threshold Quantity

TWA: Time Weighted Average

UN: United Nations

US: United States

US-OSHA: United States Occupational Safety & Health Administration

Evaluation Methods Used for Classification of the Mixture: Calculation method

Training Advice:

It is recommended that each customer or recipient of this Safety Data Sheet (SDS) study it carefully and consult resources, as necessary or appropriate, to become aware of and understand the data contained in this SDS and any hazards associated with the product.

SAFETY DATA SHEET

	This Safety Data Sheet is intended to provide a brief summary of our knowledge and guidance regarding the use of this product. The information set forth herein has been compiled from sources considered to be reliable and is believed to be accurate as of the date of publication. This information is offered in good faith by Kevin Murphy Business Services Pty Ltd and the accuracy, suitability or completeness is not guaranteed, and no warranties of any type, either expressed or implied, are provided. If this product is combined with other materials, all component properties must be considered. The user assumes all liability for any damage or from any hazards inherent in the nature of the product.
