VOLUME MOUSSE

UK:

Our Volume Mousse is created to add volume and texture to any hair type - while still keeping the hair light and flowy. Use in wet hair when drying for added volume, or in curly hair to define the curls. The mousse contains fibers, that builds up around the hair, making it feel thicker and fuller, as well as wheat protein to protect and strengthen.

DK:

Vores Volume Mousse er skabt til at tilføje volumen og tekstur i alle typer hår – og samtidig holde håret let og livligt. Brug den i vådt hår for at tilføje fylde under tørring, eller i krøllet hår til at definere krøllerne. Moussen indeholder fibre, der bygger sig op omkring håret og får det til at fremstå tykkere og fyldigere, og hvedeprotein, der beskytter og styrker.
