

Bee

Technical specifications

Materials

Base – aluminum

Bulb – glass

Seals – silicone

Dimensions

Ø 12 x H 18 cm (Ø 4.7 x H 7.1 inch)

Weight

0,51 kg (1.12 lbs)

Waterproof

IP65

Country of Origin

China

Light Source

E27 low-voltage bulb

Power

<1 W, 3.7 V

Color Temperature

2300 K

Dimming

3 levels (Low > Medium > High)

Light Output

96 lm (frosted) – 18 lm (smoked)

Control

Switch at the base. Touch control on the side

Smart

Zigbee 3.0. Compatible with Hue, Tuya and IKEA

Battery Capacity

8240 mAh

Battery life

170 – 220 hours (low)

60 – 80 hours (medium)

30 – 40 hours (high)

Charging

Wireless (Qi standard) or wired (USB-C)

Charging Time

Wired up to 4 hours.

Wireless up to 6 hours with 10W adapter

Adapter (not incl)

5V 2A (10W recommended), 5V 3A (15W max)

Certifications

Radio Standards and RF Exposure

Model number:	HJMWL001XX
Radio frequency:	433
Emission frequency bands:	433 MHz
Reception frequency bands:	433 MHz
Channel bandwidth:	< 400 kHz
Possibility of choosing channels:	NO
Antenna (whether it is integrated or not):	NO
Apparent Radiated Power (PAR):	10 mW
Magnetic field level:	0.02 mT
Equivalent Isotropic Radiated Power (EIRP):	10 mW
Transmitter power:	10 m
Specific Absorption Rate (DAS):	433 MHz
